Immunization Requirement Schedule

A child for whom vaccination against the following diseases:

Poliomyelitis

Diphtheria

Pertussin

Tetanus

Masles

Rubella

Mumps

and CAN NOT be verified, shall receive the first doses of the appropriate vaccines

WITHIN 30 Days of Placement. Follow up doses may be recommended by the physician.

These must be given as well. Verification of immunization can include a copy of the Cal. School Immunization Report (PM 286) or a written immunization record from a physician or clinic.

Records must show the date of receipt of each required dose.
